Yes that would be March and yes on the 7th. I'll give you a call in the morning.

I called this afternoon to talk about the U&O FIP and Monument Butte call yesterday with the Gov, and also about a couple of other things. Your phone message said that you were out until April 30 and that you were checking voice messages. Did you mean March 30?

Are you still planning to attend the mid year meeting on April 7?

Thanks
